

## Evil Is Good

### Frankenstein Drag Queens from Planet 13

Well, God gave us a big black eye  
and the Devil puts a steak on it  
and says its alright  
they tell us we must choose a side  
well why does the darker one  
seem so bright

Well, the world s telling us we re doomed  
and they don t approve of pointy hats  
and magic with brooms  
well, now I ve got a question for you  
well, if Gods so fucking perfect  
why did he fuck up on you?

They tell us if we pray  
that when we die  
we will go to a better place  
well I don t wanna do  
the things I should  
cause it feels good to be evil  
cause evil is good

Well, you go to church on Sunday  
to wash away the shit  
you did the past 6 days  
now you re on your knees to pray  
well we pray your stupid God  
will come and take you away

They tell us if we pray  
that when we die  
we will go to a better place  
well I don t wanna do  
the things I should  
cause it feels good to be evil  
cause evil is good

Yeah, evil is good  
Yeah, evil is good

Evil, evil, evil  
Evil, evil, evil
