

# You Could've Loved Me

Frankie Ballard

You could've loved me, but I did it all wrong  
Running around, taking my time, taking too long  
You were an anchor, I was wild and free  
But you could've loved me

Now it's crazy to see you wearing that ring  
We could've been young and dumb and restless  
Could've been everything  
You had your reasons  
I had my dreams  
But you could've loved me

Sometimes love falls in your hands  
Sometimes love has other plans  
Sometimes good good things just get away from us  
I'd be lying if I said I didn't have any regrets  
I just know it has to be this way because  
I'm still exactly who I was

But you could've loved me  
If it happened just right  
But we rise and we fall and we can't win them all  
Cause that's just life  
It ain't like the stories you see in the movies  
But you could've loved me

Sometimes love falls in your hands  
Sometimes love has other plans  
Sometimes good good things just get away from us  
I'd be lying if I said I didn't have any regrets  
I just know it has to be this way because  
I'm still exactly who I was

But you could've loved me  
If I could've stayed  
But the world kept pulling me out of this town  
And it's better that way  
Cause I'm still a dreamer, wild and free  
But you could've loved me
