

# Cafeteria

Frankie Cosmos

I am not the only one  
Living in delusion  
I go to the cafeteria  
Cafeteria

Suddenly I noticed  
That you weren't touching me  
But sometimes I am weird and wrong  
Sometimes I am weird and wrong

So late at night we eat the leftover rice  
It was dark and empty  
No one sees me  
No one sees me

But I won't get married  
Not at the party  
Not at the party

I wasn't built for this world  
I had sex once, now I'm dead  
And I never look back  
It only hurts my head

I know I listen to a lot  
I think about it all the time  
Okay sometimes I look  
But only for a sec

I will never be touched  
Never get loved  
And I wonder what makes me so wrong  
What makes me so wrong

I never felt like the one  
Never felt like the one
