Frankie Cosmos

You are my first love I am your second love  
I wake up every day and wait til 10am  
To knock on your door so we can hang out  
You are my best friend  
I am your second best friend  
Your mom says you are still asleep  
I am lonely no leonie I hang with my doggies  
You have more dogs than me  
You are my first love  
I am your second love
