

Never Would

Frankie Cosmos

It'd make a good song to miss you
But I really don't at all
If you were any good I'd sing
"Oh baby why'd you have to go"
It'd make a good song to go see you
I'd say "don't worry about him
We're just friends, it doesn't mean nothin'"
And he'd say
"Oh baby please don't go
Stay here with me and hang out"

But it's not a song
(But it's not a song)
And I never would
