

## Rings (On a Tree)

Frankie Cosmos

I see now that it was wrong, so wrong  
To try to hold on to a fallen tree  
One that wouldn't even look at me  
Those sticks were all arranged so evenly  
Who wasn't holding arms out lovingly

Humiliate your family  
Just cause you wanna stand with me  
I think your ring means more than our thing

The day after I decided to end it all  
I go for a walk and it feels like everything  
Is planted to tell me  
Not to do it

Oh how I wish we'd never met  
Oh baby I was all alone in it  
Now I see that I was always me  
Underneath everything I ever tried to be  
Now I see that there is always you  
Turning up in everything I do
