

## So Blue

Frankie Cosmos

I am everyone you'll never meet  
I am every book you'll never read  
I am the picture that didn't come out  
I am the story stuck inside of your mouth

The sky is so blue  
It makes everything else blue  
The trucks, the stones, the view

I am so blue  
I make everyone else blue  
My friends, my enemies, you

I am so blue  
I make everyone else blue  
My friends, my enemies, you
