

# Take A Chance On Me

Frankie J

You're so scared of falling in love.  
'Cause you end up in the dust, every time  
Every time!  
Now you see us all the same.  
Like our words are just a game, spitting lies  
Dirty lies!

I know, you know there's something here.  
But you cannot get past the fear.  
I can help you make it clear.

So when you feel like trying again,  
Reach out, take my hand!  
See how great it could be,  
To fall in love, with someone you can trust  
Who will never give up!  
'Cause your all that he needs!

Baby take a chance on me!  
Baby take a chance on me!  
Baby take a chance on me!  
Baby take a chance on me!

You give 100 percent.  
But you've never seen a cent.  
They're so blind, they're so blind!  
'Cause I'm looking at your face  
And the worlds a better place  
In your eyes, lonely eyes!

I know, you know there's something here.  
But you cannot get past the fear.  
I can help you make it clear.

So when you feel like trying again,  
Reach out, take my hand!  
See how great it could be,  
To fall in love, with someone you can trust  
Who will never give up!  
'Cause your all that he needs!

Baby take a chance on me!  
Baby take a chance on me!  
Baby take a chance on me!  
Baby take a chance on me!

You've got nothing to lose, baby!  
But you wont know if you don't try.  
Just don't leave me asking why.  
So when your ready to choose, baby,  
I'll be here with open arms  
With the same love in my, heart!

I know, you know there's something here.  
But you cannot get past the fear.  
I can help you make it clear.

So when you feel like trying again,  
Reach out, take my hand!  
See how great it could be,  
To fall in love, with someone you can trust  
Who will never give up!  
'Cause you're all that he needs!

Baby take a chance on me!  
Baby take a chance on me!  
Baby take a chance on me!  
Baby take a chance on me!

So when you feel like trying again
