

Your Love

Frankie Knuckles

Ooh...

I can't let go...

When I'm with you believe
that your love is true
when we love you turn me out
you know what to do
visions really blow my mind
fantasizing all the time

When your body's next to me
I begin to sweat
when we touch I lose control
now you know what's next
fantasizing all the time
move your body next to mine

Well, I need your love
I need your love
I need your love
Don't make me wait too long
Ooh, I need your touch
Don't make me wait too long

I can't let go
I can't let go
I can't let go

Ooh...

I can't let go
(don't you make me feel downside?)
I can't let go

Ooh...

I can't let go
(Just to something...?)
I can't let go
I can't let go
I can't let go
I can't let go
Ooh...
(Just to something...?)
