

# You Can Depend On Me

Frankie Laine

~~~♪♪♪ ~~~

Although you say, we're through  
I will always love you  
You know you can depend on me

And if someone that you've met  
Has made you did forget  
You know, that you can count on me

I wish you success  
Loads of happiness  
Here I must confess,  
I will be lonely, I will be lonely, I will be so blue

But if you need a friend  
I want to be yours until the very end  
And you know you can depend on me

~~~♪♪♪ ~~~

Although you say, we're through  
I will always love you  
And you know you can depend on me

And if someone that you've met  
Has made you did forget  
You know, that you can count on me

How I wish you success  
Loads of happiness  
But here I must confess,  
I will be lonely, I will be lonely, be so blue

And if you need a friend  
I want to be yours until the very end  
'Cause you know that you can depend on me
