

# Fancy Dancer

Frankie Valli

Another night in revelry  
Recalling all we used to be  
So what became of you and me?  
(Ah)

No one could make me move that way  
Your body had so much to say  
Together we made music  
(Ah)

You were my dancer  
You were my dancer  
My fancy dancer  
You swept me off my feet  
My sweet dancer  
Where are you dancer  
My fancy dancer  
I'll never love another  
Dancer

Guess I was young and sort of free  
So I feel for your routine  
You did a dance I've never seen  
(Ah)

Now I'm a dancer in the dark  
Without a partner where's the spark?  
It hurts to hear the music start  
Where did you go I'll never know

You were my dancer  
You were my dancer  
My fancy dancer  
You swept me off my feet  
My sweet dancer  
Where are you dancer  
My fancy dancer  
I'll never love another

You're very special and you're need  
It's impossible to speak of  
All the ways you make me weak love  
My love  
My love  
My love

The dance I'll never do again  
Steps I won't go through again  
Until I dance with you again

(Where did you go?)

Where did you go?

Dancer  
Oh my dancer  
Dancer

My dancer, dance again with me (you swept me off my feet)  
Wish that I could dance with you dance my whole life through
