

Sometimes Love Songs Make Me Cry

Frankie Valli

Music used to be a special part of us
Just like make-up (ooh baby)
There is just no way for me to ease the pain
Cause when I hear it's sweet and free
Feel it coming back to me

Sometimes love songs make me cry
It's hard to sing when I'm
Missing you so much, they don't sound like us
This time I won't even try to play another love song (no baby)

You used to call the DJ up a thousand times
Honest dedication [?] didn't you darling?
Music is a memory we can't forget
Oh I ain't over it yet, No baby

Sometimes love songs make me cry
It's hard to sing when I'm
Missing you so much, they don't sound like us
This time I won't even try to play another love song (no baby)

Sometimes love songs make me cry
It's hard to sing when I'm
Missing you so much, they don't sound like us
This time I won't even try to play another love song
