

Do What

Frankmusik

Do what we want
Do it on our own
Do what we want
Just leave us alone

Do what we want
Do it on our own
Do what we want
Just leave us alone

Simple little pleasures
You know you're my treasure
Nothing else can measure
When we are
When we are together

Don't you let me go
Cuz I just need to know
Where'd you want to go
Now we are alone
You're in control

Do what we want
Do it on our own
Do what we want
Just leave us alone

Do what we want
Do it on our own
Do what we want
Just leave us alone

Simple little pleasures
You know you're my treasure
Nothing else can measure
When we are
When we are together
(Together...)

Nothing else can measure...
When we are together...

Just leave us alone...
Leave us alone...
Just leave us alone...
