

We got the green to the paper  
And enough green in the face, yeah  
Jump up, put ya hand in the party  
Jump up, 4:30 in the morning  
I'm gone when the drinks are pouring  
Shots in my glass of taste and boubin  
We can be classy  
We can be nasty  
We go hard in the downtown party  
You got a problem with me?  
Shutchya mouth and party with me  
So sideways, don't mind me if we need no I.D.

No, I got no I.D.  
No no, no I got no I.D.  
No, I got no I.D.  
No no, no I got no I.D.  
When there's nobody else  
And there's you and there's me  
I don't need  
No, I got no I.D.  
No no, no I got no I.D.

Open invitation  
No identification  
Check out this place  
It's bouncing off when the base hits  
Pick you up, I miss you baby  
You got a body like a leading lady  
Get a medic 'cause you drive me crazy  
No chases, let's get wasted

No, I got no I.D.  
No no, no I got no I.D.  
No, I got no I.D.  
No no, no I got no I.D.  
When there's nobody else  
And there's you and there's me  
I don't need  
No, I got no I.D.  
No no, no I got no I.D.

Tell everybody there's a party so come follow me  
It's not that far, we'll raid the bar and we need no I.D.
