

# Thank You

Frankmusik

We got life, we got hope  
We got things I'm sure we'll never know  
We got so much to see  
But life ain't putting you next to me  
Am I sane, yes my dear  
And like a wound that's getting better from heal  
All we want, be as friends  
If we were ever soulmates  
But I know that we will meet

I wanna say thank you  
Leaving me this way  
I wanna say thank you, oho  
Now there's nothing left to say

Girl I still, think of us  
But thinking only seems to make things worse  
Through this break and your space  
You expect everything I cannot trace  
If you want, let you by  
You would have been somebody else tonight  
You would just took me one  
You know you're gonna let you make it twice

I wanna say thank you  
Leaving me this way  
I wanna say thank you, oho  
Now there's nothing left to say

I'm just wishing you, the best  
Don't you slip out into something to forget  
It ain't easy knowing he won't disappear  
You'll find someone else as long as fish... in the sea

I wanna say thank you  
Leaving me this way  
I wanna say thank you, oho  
Now there's nothing left to say

Thank you  
And I say, yes my dear  
You're like a wound that's getting better from heal  
Know we won't be as friends  
Fi we were ever soulmates  
Then I know that we will meat again.
