

The Half Moon Came Up In The Sky

Frankmusik

When the moonlight comes into my eyes
Ee-la-la, lighting up my eyes
Even illuminating the girl in my heart
Ee-la-la, in my heart

And I wish I could hold you so tight
Ee-la-la, hold you tight
Ee-la-la, all my life

I wish my wish could be satisfied
You embrace me like the moonlight

And I wish I could hold you so tight
Ee-la-la, hold you tight
Ee-la-la, all my life

When the moonlight comes into my eyes
Ee-la-la, lighting up my eyes
Oh, my dream girl fulfills my life
Ee-la-la, fulfills my life

And I wish I could hold you so tight
Ee-la-la, hold you tight
Ee-la-la, all my life

I wish my wish could be satisfied
You embrace me like the moonlight
I wish my wish could be satisfied
Cause you embrace me like the moonlight

Like the moonlight!
I came in the sky!

And I wish I could hold you so tight
Ee-la-la, hold you tight
Ee-la-la, all my life
