

# Liar

Frans

South of your eyes  
North of your chin  
Yeah, I hear what you're saying  
I'm taking it in

Every single twisted word is  
All part of the dance  
The sanctuary of broken bird  
When nothing happens by chance

I'm a liar too  
Yeah, I'm a liar too  
But then again  
So are you

The story's told  
In so many ways  
It never really gets old but  
Let's just see how it flies

There will never be a second first touch, no  
Saturday night  
Was all I really wanted, all I really asked for  
Now I'm killing the light

'Cause I'm a liar too  
Yeah, 'cause I'm a liar too  
But then again  
So are you

Don't go, please stay with me  
Don't go, don't go  
Please stay, please stay  
Don't go, no  
'Cause I'm a liar too

Ohh  
But then again  
Oh I'm a liar too  
Don't go  
Please stay, please stay  
Don't go  
'Cause I'm a liar too  
Don't go  
Please stay, please stay  
'Cause I'm a liar too

But then again  
So are you
