

# No Mood

Frans

Leave me, fam

I found some money in my pocket and I thought, "Ain't no way" (Woo)

This is off, yeah (Yeah), this is way too strange (Not right)  
'Cause there are good days in my life and I am tellin' you this ain't my day (At all)  
This is off (Woo), way too strange

'Cause I'm in no mood, no, no mood  
I need space for sure, space or so  
I think you know, think you know  
'Cause you been cuttin' all the corners

It's easy doin' nothing and just stay in bed  
So I might as well do nothin' and just turn my head (Away)

I found my long forgotten ring between the cushions of a sofa, hey, yeah (Yeah)  
A pinch of happiness filled my day (Get in)  
Then I remember it's been seven long months since I gotten laid  
Damn, well, I guess that's ok (Woo)

'Cause I'm in no mood, no, no mood  
I need space for sure, space or so  
I think you know, think you know  
'Cause you been cuttin' all the corners

It's easy doin' nothing and just stay in bed (Stay in bed)  
So I might as well do nothin' and just turn my head, hey
