Destiny, no one knows  
You're dignity, that never showed  
It doesn't matter if you thought it through  
The only righteous thing to do, is, move  
So you're legacy, is on the road  
(Away away away from)

Snakes slither through you're eyes  
Wicked what a good disguise  
I see how you're playing nice  
I've been seeing through you're lies  
Snakes slither through you're eyes  
Wicked what a good disguise  
I see how you're playing nice  
I see through you're lies

You're on your own now  
You're on your own now

You're history, so unforeseen  
Such a mystery, how you deceived (oh y you deceived now)  
It doesn't matter if you thought it through  
The only righteous thing to do is move  
So you're enemy, you're shadow  
(Away away away from)

Snakes slither through you're eyes  
Wicked what a good disguise  
I see how you're playing nice  
I've been seeing through you're lies  
Snakes slither through you're eyes  
Wicked what a good disguise  
I see how you're playing nice  
I've been seeing through you're lies

You're on your own now  
You're on your own now

Say what you want to say  
Cut, record, now smash that play  
Don't agree you're policy, apology  
Is way to late yeah  
You wannabe  
Why can't you see  
The psycho price damn right you are a nominee

You're on you're own now  
You're on you're o- own now
