

# Glimpse Of Love

Franz Ferdinand

Won't someone  
Bring me just a glimpse of love

Love love  
Love is going to come as a photographer  
It's a photographer yeah yeah  
I need love  
So someone better bring me a photographer  
Yes a photographer yeah

A flash  
A glimpse of perfect abs  
In flimsy floral dress  
Shows off her slender frame  
Enjoys a private stroll

Love love  
Love is going to come as a photographer  
It's a photographer yeah yeah

Off duty beauty  
Keeping it real  
She's got  
Flawless features  
Grabs a bite to eat

Stepping out  
Sports a bruise on her neck  
As she's heading to  
To the studio  
Decadent  
No, she's never been shy  
No she's never, never  
Never been shy

Love love  
Love is going to come as a photographer  
It's a photographer yeah yeah  
I need love  
So someone better bring me a photographer  
Yes a photographer yeah yeah
