

Hooked

Franz Ferdinand

I got the fear
I've got the human fear
But that's alright
That's alright, you see
Everybody here
Got the human fear
So that's alright with me

I took the fear
I hit the tenth
Down by the canal
Sliding into midnight
Hôtel du Nord
Give me some amour
Atmosphère! Atmosphère!
Tout le monde is alright

Amour! Amour!
More, more amour
I thought I knew what love was
I thought I knew what love was
And then I met you

You got me hooked
Uh-huh, you got me hooked
You got me hooked
Uh-huh, you got me hooked
Uh-huh, you got me...

I got obsession
I got a new obsession
I tattoo two initials
Where everybody see them
Everybody here
Everybody here
Everybody here
Love GG

Amour! Amour!
More, more amour
I thought I knew what love was
I thought I knew what love was
And then I met you

You got me hooked
Uh-huh, you got me hooked
Uh-huh, you got me hooked
Uh-huh, you got me hooked
Uh-huh, you got me...
Uh-huh, you got me hooked
Uh-huh, you got me hooked
Uh-huh, you got me hooked
Yeah, you got me

I got the fear
I've got the human fear
But that's alright, that's alright

You got me hooked
Everybody here
Got the human fear
But that's alright, that's alright
You got me hooked
More amour
You give me more amour
But that's alright, that's alright
You got me hooked
