

# I Had To Get'm

Frayser Boy

Frayser man tell these niggaz how it was in the Bay

Comin up I was told to take what a nigga need  
Niggaz say lets rob a nigga blind, and dammit i'd agree  
Learned from the best Green Bry way back in the day  
In the Bay saw a nigga get jacked for his jacket  
It all started when my cousin put a gun up in my hand  
Already had some sticky fingers, time to rob a man  
Doin dirt since a young cat, you name it probably done that  
You let me in your house a day later a nigga come back  
Get the mask, get the Glock, haulin' ass to your block  
Stuntin a little to much my nigga got me mobbin to your spot  
Wrong place at the wrong time, incidently cost  
Got on Jordans size 12, nigga I'm like take em' off  
Kick a door off the hinge, house call, comin' in  
Got a cocksucka' dope and his dividends  
Ain't no friends in this fucking game that we call life  
Wear your Cartier to the Club better think twice

So I'm fresh up out the pen once again  
With mask and Glock  
Give me dividends or my friend  
Yo ass get popped  
Fresh up out the pen once again  
With mask and Glock  
Give me dividends or my friend  
Yo ass get popped  
I gotta touch'em  
I gotta touch'em  
I say I had to (Get'm)  
I gotta touch'm  
I gotta touch'm  
I say I had to (Get'm)  
I gotta touch'm  
I gotta touch'm  
I say I had to (Get'm)  
I gotta touch'm  
I gotta touch'm  
I say I had to Get'm Get'm Get'm Get'm

I see my victims, I gotta get him, I gotta stick him  
How could I miss a chili which what made me pick him  
Roley on his wrist, shoes on his whip, got me scoopin'  
Gotta catch his ass all alone is what I'm hoping  
Got that fuckin Glock, got it fuckin cocked, thats fo sho  
In about a minute he gon' find me kickin in his door  
Trail his ass home, in my hand the chrome, about to stain  
If he give me static, automatic take him out the game  
Pull up at his home and he all alone, Jackpot  
Saw him grab his pistol out his muthafuckin stash spot  
Crept up behind to commit the Crime, drop the gat  
Fore' I blow your ass off, put one threw your Gucci hat  
Picked up the tone, now its fuckin on, robbed him blind  
Didnt know that night, he'd be the victim of a fuckin crime  
Took all his cash, stashed on his ass, Nah nah  
Now that a nigga can fit, my description, he can't stay alive

So I'm fresh up out the pen once again  
With mask and Glock  
Give me dividends or my friend  
Yo ass get popped  
Fresh up out the pen once again  
With mask and Glock  
Give me dividends or my friend  
Yo ass get popped  
I gotta touch'em  
I gotta touch'em  
I say I had to (Get'm)  
I gotta touch'm  
I gotta touch'm  
I say I had to (Get'm)  
I gotta touch'm  
I gotta touch'm  
I say I had to (Get'm)  
I gotta touch'm  
I gotta touch'm  
I say I had to Get'm Get'm Get'm Get'm
