

# Everywhere

Frazezy Ford

Everywhere that you go, I'm gonna like it  
I'm gonna like it, I'm gonna like it  
Everywhere that you go, I'll take you my way  
I'll take you my way, I'll take you my way  
You're like a ten, over and over and over and over again  
And how you came upon my life, and walking now in my side  
I'll take as much, as much as I  
Seem like I'm gon' fly

Everywhere that you go, I'm gonna like it  
I'm gonna like it  
I'm not lasting all the time, but I'll be alright  
But oh to be here, my time, my dear, hey  
And the sweetest rose is late  
Swing wide from golden gate

When I'm tired and worn  
What is a life for anything that you're born  
You lay down and talk to me  
Oh boy, I see  
I see it now, every time  
Oh, carefully ease my mind, my mind, my mind
