

## U and Me

Fraze Ford

U and me, u and me, ohoh  
Well, can't we see, can't we

I tow the line, I think you're fine  
Whatever you want, whatever you want

That drunken chord, has got me lord  
Put your damned phone down, put your damned phone down

Flower bows and sugar cane, arrows, arrows  
Flower bows and sugar cane, arrows, arrows  
Gimme a, gimme a reason, gimme a, gimme a reason

Come trouble the water, I'm a radical daughter  
Didn't expect to find, you here on my mind  
I crash and burn, oh, when will I learn  
But what takes so long  
Your confusing tone

Please, please, please  
Gimme a, gimme a reason
