

## Adam (Act Like)

Fred again..

I bench press my problems like "Add another weight"  
(We're getting older every second)

We act like  
We're alright  
When it's not  
Ooh  
Ooh  
We act like  
We're alright  
When it's not  
Ooh

Turn up the lights  
So we forget this room  
Tell me you're alright  
And we'll pretend it's true  
Turn up the lights  
Cause I feel just like you  
Tell me you're alright  
And I'll tell you I'm alright  
And we might make it through

If we act like  
It's alright  
When it's not  
Ooh  
I want you to see me, Fred, I'm here!  
If we act like  
It's alright  
When it's not  
Ooh  
Ooh  
If we act like  
It's alright  
When it's not  
Ooh

Turn out the lights  
So we forget this room  
Tell me you're alright  
And we'll pretend it's true  
Turn out the lights  
'Cause I feel just like you  
Tell me you're alright  
And I'll tell you I'm alright  
And we might make it through

If we act like  
It's alright  
When it's not  
Ooh  
If we act like  
It's alright  
When it's not  
Ooh  
If we act like

It's alright  
When it's not  
Ooh  
Ooh  
If we act like  
It's alright  
When it's not  
Ooh  
Ooh

Well I don't know how  
You getting older every-  
You getting older every-  
You getting older every second  
You getting older every-  
You getting older every-  
You getting older every second  
Well I don't know how  
If we act like  
It's alright  
When it's not  
Ooh  
If we act like  
It's alright  
When it's not  
Ooh

Turn out the lights  
So we forget this room  
Tell me you're alright  
And we'll pretend it's true
