

## Carlos (Make It Thru)

Fred again..

My guy, what's he gotta say  
We gon' make it through  
You know who it is when I come through  
I want you to see me, Fred, I'm here  
These guys are givin' me life

We gon' make it through  
We gon' make it through  
(Come through) We gon' make it through  
We gon' make it through

I've been so weightless  
I know you been fakin'  
Same  
You send me off all night  
You said you'd been wrong like all your life  
It's busy on the outside (At last)  
But in the crowd, we made a move  
Said it felt like a rehearsal  
For everything you won't do  
But I won't desert you

We gon' make it through  
We gon' make it through  
(You know who it is when I come through)  
We gon' make it through  
(You know who it is when I come through)

I know I'm too hopeful  
But there's no way you can be like this for life  
I know you're trying to protect me  
Say you're better just to make my night  
You said you felt like you were see-through  
But darlin', I've seen you  
And we're bigger than what we've been through

We can make it through  
(At last)  
We can make it through

We gon' make it through  
These guys are givin' me life

Oi, Fred, what a time we been in, man
