

Fell in love with the city  
As I fell out of love with you  
Fell in love with the city  
As I fell out of love with you

Fell in love with the city  
As I fell out of love with you  
Fell in love with the city  
As I fell out of love with you

Fell in love with the city  
As I fell out of love with you  
Fell in love with the city  
As I fell out of love with you

But I've done my life without you  
But I've done my life without you

Fell in love with the city  
As I fell out of love with you  
Fell in love with the city  
As I fell out of love with you
