

Dani (Never Do Me Wrong)

Fred again..

Promise that you'll never do me wrong
If I give you all my feelings in a song
Tell me that you'll never do me wrong
You know right from wrong and that shit wrong
Promise that you'll never do me wrong

Promise that you'll never do me wrong
You know right from wrong and that shit wrong
Way up in your head I know you torn
Some people you need more
Tell me that you'll never do me wrong
'Cause you know that I'm never gonna-
Lea-eave you
Lea-eave you
'Cause you know that I'm never gonna-
Lea-eave you
Lea-eave you

If I give you all my feelings in a song
Tell me that you'll never do me wrong
You know right from wrong and that shit wrong
Promise that you'll never do me wrong

'Cause you know that I'm never gonna-
Lea-eave you
Lea-eave you
('Cause you know that I'm never gonna-)
Lea-eave you
Lea-eave you
If I-
Cry now
You'll lean on you
If I give you all my feelings in a song
(Cry now
You'll lean on you)
You know that I'm never gonna-

If I give you all my feelings in a song
Tell me that you'll never do me wrong
You know right from wrong and that shit wrong
Promise that you'll never do me wrong
