

Enough

Fred again..

Don't you even say you're giving up

Don't you even say you're giving up

Don't you even say you're giving up

Don't you even say you had enough

Don't you even—

Don't you even say you had enough

Don't you even say you had enough

I... I need you still dearly

Don't you even say you, say you, say you

Don't you even say you

You had enough
