

## just stand there

Fred again..

And I just stand there  
It's been a while since I heard my own voice  
I just stand there  
Just before she says that she loves me  
She loves me  
She loves me  
(How I made you f-)  
I sit with the night in appreciation  
Of this ability to hear a world  
I'm alive  
I'm alive and I can feel it  
(I just wanted to be safe)  
She loves me  
(I just wanted to be safe)  
And I just stand there  
And my one-bed apartment feels like a coliseum  
I feel pretty, but in a handsome way  
(I just wanted to be safe)  
She loves me  
(I just wanted to be safe)  
And I just stand there  
And she looks at me like she's taking photos  
Just stood laughing  
At full lung capacity  
And the first crunch of Tayto cheese and onion crisps  
I'm wide-eyed at the window  
(I just wanted to be safe)  
And I just stand there  
(I just wanted to be safe)  
And I just  
And we spent sunrise to sundown in my room  
Glued to the window, watching all the people go about their lives  
And we decided their futures for them and ugly laughed  
And I remember thinking to myself  
"Don't you dare get used to this"  
"Don't you dare" (Don't you dare)  
Felt like all four seasons happened in one day  
And I just stand there laughing at you  
'Cause I can't believe this is real  
And I just stand there  
And I just  
And I just  
I just stand there  
I just stand there  
I just stand there  
She loves me
