

Know Me

Fred again..

One

Turn, turn, turn, turn

Girls in the ends

Nah, I didn't need a friend

They didn't wanna know me-know me-know me-know me then

They say more money, more problems

But not me, it's them

In the pen but I need a-need a-need a-need a-need a pen

Girls in the ends

Nah, I didn't need a friend

They didn't wanna know me-know me-know me-know me then

They say more money, more problems

But not me, it's them

In the pen but I need a-need a-need a-need a-need a pen

You ain't never got that food on conny

And nearly fucked up the whip

You ain't ever scraped that bowl

And left crumbs on the sink (Nah)

I told bro I just wrapped four daughters

Be done in a bit (Soon)

I got my chest lookin' like a footballers

Just water when I come with the drip (One)

I got pain on my chest so I found comfort in it (Turn)

I wore prison issue vest back when

Back when my sweatbox hit Inverness

Same Heads, just a different head

Same buj, just a different press

I was depressed now I'm in the press

New year, it's a different stress

Girls in the ends

Nah, I didn't need a friend

They didn't wanna know me-know me-know me-know me then

They say more money, more problems

But not me, it's them

In the pen but I need a-need a-need a-need a-need a pen (One)

Girls in the ends (One)
