Flex wid your bedrins

You're on that stage, and you're not flexing
It doesn't even look like he's your dedrin
Don't do that, man
Flex wid your bedrins
Flex wid your bedrins
Flex wid your bedrins

(Flex with your)
(Flex with your)
(Flex with your)
Flex with your
Flex with your
Flex with your
Flex with your
Flex with your
Flex with your
Flex with your
Flex with your
Flex with your-

Even if the room is quiet

Flex with your
Flex with your
Flex with your
Flex with your
Flex with your
Flex with your
Flex with your
Flex with your

Even if the room is quiet
