

Marco (And Everyone)

Fred again..

How I feel
When the sun comes shining through
How I feel
When the sun comes shining through
Oh, my Lord, your love, it en-
How I feel
Oh, my Lord, your love, it en-
When the sun comes shining through
Oh, my Lord, your love, it en-
How I feel
Oh, my Lord, your love, it envelops me

I was out my mind last year
Wonderin' where my mind had went, ayy
I was out my mind last year
Wonderin' where my mind had went
I was there
When the sun comes shining through
How I feel
(That's my brother, you know)
When the sun comes shining through

Put your loving arms around me
(Where's my brother?)
How I feel
Put your loving arms
When the sun comes shining through
Put your loving arms
Put your loving arms around me
Often I've asked you for too much of your time
Like I'm stealing
And when I dream of the fear that you're leaving
