

SOLDIERS

Fred again..

Yo, Heads
Like a week to go now, my G
Love

Faith has feathers and with all my air is fallin'
It take to share my hands with you and let you help me

We march on
Yeah, I been through so much fuckery but, still yet, we march on
In my cell, countin' down days 'til March done
Disloyalty is somethin' I stay far from
Feds lookin' for someone that they can throw a charge on
All the times I go to face-to-face with a sergeant
The hustle ain't stoppin' even when we're far gone
I ain't tryna find someone to blame my past on
Still got machines, not the type to put your card on
Yeah, I been through so much fuckery but, still yet, we march on
In my cell, countin' down days 'til March done
Disloyalty is somethin' I stay far from
Feds lookin' for someone that they can throw a charge on

All the times I go to face-to-face with a sergeant
The hustle ain't stoppin' even when we're far gone
I ain't tryna find someone to blame my past on
Yeah, I been through so much fuckery but, still yet, we march on

(We march on)
Faith has feathers and with all my air is fallin' (We march on)
It take to share my hands with you and let you help me
And let you help me

Put my game face on
Tryna keep control like a PlayStation
Do road and my Chanel lace done
New day, but it's still the same stuff
Last night that estate was taped up
Yeah, I told you straight up
You don't wanna hear keys everyday you wake up
It's the half of that key and now you gotta pay plugs
Reminiscin' 'bout a Rolls with your flannel Radoxed
Now you start to wish you packed it and got a day job

All the times I go face-to-face with a sergeant
The hustlin' ain't stoppin', even when we're far gone
I ain't tryna find someone to blame my past on
Yeah, I been through so much fuckery, but still, yet we march on

My soldiers, the bravest
My closest, so courageous (We march on)
My soldiers (Soldiers), the bravest
My closest, so courageous (We March on)
My soldiers (Soldiers), the bravest (Bravest)
My closest (My family), so courageous (We march on)
My soldiers (My family), the bravest (My family)
My closest (My family), so courageous (We march on)

Faith has feathers and with all my air is fallin'

It take to share my hands with you and let you help me
And let you help me

The soldiers, the bravest
My friends was courageous
We march on
