

Tayla (Every Night)

Fred again..

You make it look
You make it look
You make it look easy
Way too damn easy
You make it look easy
Baby, just teach me

Ooh, how you get to sleep every night
How you get to sleep every night
How you get to sleep every night
Baby, just teach me
Baby, just teach me
How you get to sleep every night
How you get to sleep every night
How you get to sleep every night
Baby, just teach me
Baby, just teach me (You breathe)
