

Rev It Up

Fred Eaglesmith

Well I'm in love and I don't mean maybe
I took myself a brand new baby
I seen it by the cooler
By the side of the road
When she goes by
She goes by slow

Rev it up
Rev it up
Rev it up-up-up
Rev it up

She said she loved me, and that's forever
She's the kind that never says never
She's the kind that likes to drive
Now she's driving me out of my mind

Rev it up
Rev it up
Rev it up-up-up
Rev it up

Take it down put it in 2nd
I'm gonna do whatever I like
Take it down pedal to the metal
I'm gonna love you the rest of my life

Rev it up
Rev it up
Rev it up-up-up
Rev it up

Rev it up
Rev it up
Rev it up-up-up
Rev it up
Rev it up-up-up
Rev it up
Rev it up-up-up
Rev it up
