

Silhouettes

Fred Eaglesmith

Hold me baby
Hold me like only you can do
Two silhouettes dancin
By the light of the moon
Hold me baby
Hold me like you used to do
Two silhouettes dancin
By the light of the moon
I always told you
I loved you
Till the end of time
(Always told you)
Now I wanna tell you
That never
Have I changed my mind
Hold me baby
(Hold me)
You know my love is true
Two silhouettes dancin
By the light of the moon
I always told you
(Always told you) I love you
There wouldn't be any doubt
Now I wanna tell you
You're someone
I don't wanna have to
Live without
So hold me baby
(Hold me)
You know my love is true
Two silhouettes dancin
(Hold me)
By the light of the moon
Two silhouettes dancin
(Hold me)
By the light of the moon
