

Drink And Be Satisfied

Fred Hammond

Come everyone if you're thirsty
Drink from a well that won't run dry
Come taste the Water that's living
Drink and you will be satisfied

O taste and see
You will never thirst again

Come everyone if you're thirsty
Drink from a well that won't run dry
Come taste the Water that's living
Drink and you will be satisfied
Come taste this Water that's living
Drink and you will be satisfied
