I Know It Was The Blood

Fred Hammond

Everybody listen just in case you didn't know
Here is the main ingredient it really charged my life
A life full of iniquity and very deeply stained
But I found my hope at calvary, flowing from my savor's vains
You ask me if I think it worked
I'll tell you I don't think cause I know
I know, I know, I know
Life saving, life changing
It covers me and I tell you I know

I know it was the blood, I know it was the blood
I know it was the blood, I know it was the blood
I know it was the blood, I know it was the blood
I know it was the blood, I know it was the blood

What's able to reach the highest mountain, tell me?
What's strong enough to reach the valley low?
Tell me what brings our salvation and defeats our foes?
What has the awesome power to cleanse and make us whole?
You ask me if I think it worked
I'll tell you I don't think cause I know
I know, I know, I know
What washed me, what saved me, what changed me?
I tell you I know

What was it that sprang out like a fountain (when they pierced his side)?
What was it that snatched me from the grave (when they nailed his feet, yeah)?
What was it that flowed down from calvary's mountain (from his nailed scarred hand)?
So everyone who was lost on earth could now be saved, I know

I know it was the blood, was the blood, just for me
I know it was the blood, was the blood, just for me
I know it was the blood, was the blood, just for me
I know it was the blood, was the blood, just for me

The blood came streamin' the blood came streamin down
I know, I know, I know
And if you're not ashamed then let the peopl say, I knw it was

I know it was the blood
I know it was the blood
I know it was the blood
For me
When I was lost, he died for me
I know it was the blood, was the blood, just for me
The blood came streamin' down
The blood came streamin' down
The blood came streamin' down for me
When I was lost, he died for me
He died for me
I know it was the blood, was the blood
