

Step By Step

Fred Hammond

You called
And told me You had need of me
You told me to listen
To every word, this is the key
You said I'll give you treasures
And riches never known
You're whole life long

So it's day by day
Leaving all the world behind me
And it's step by step
I'm following You, oh...
Day by day
Leaving all the world behind me
Every step I take
I'm following You

Now that You've come
And shown me the way
I can see clearly
I know the road I must take, yeah
I must go where You lead me
If to live a life full and free
This is what You ask of me, yeah

Day by day
Leaving all the world behind me
And it's step by step
I'm following You, oh...
Day by day
Leaving all the world behind me
Every step I take
I'm following You

Every day I come to trust You more
Every step, I'm closer than times before
Giving You all, not just a part of me
From the bottom of my heart
This is where it starts

Day to day
And it's step by step
Oh, oh, day by day
Day by day by day
Step I take
I'm following You

Oh, day by day
Leaving all the world behind me
And step by step
I'm following You
Day by day
Leaving all the world behind me
Every step I take
I'm following You

Oh, day by day

Now You know it, finally
Step by step
I'm following You
I'll follow You, yeah
(Day by day)
I'll follow You, yeah, yeah
All the world behind
Every step I take
I'll follow You, oh...

Day by day
Ooh, yeah, we out
