

When It Gets Down To It

Fred Hammond

You're the joy inside my tears
And my comfort through the pain
Your touch relieves my fears
When it's dry You send the rain

You're constantly embracing me
With loving praise I gotta say

Lord I wanna thank You
For Your wondrous love
Has come down and touched my life
And for Your mercy and Your grace
We praise You morning, noon and night
Your compassion great upon my soul
You help, You lead and guide
Lord I wanna thank You
For Your wondrous love
Has come down and touched my life

You're so beautiful, beautiful
Lord You know You're more than
Wonderful, wonderful, wonderful
So incredible, incredible, ooh, ooh, ooh
And I'm so in love with you.

When discouragement has come
Through the storm You help me sing
When the night says it has won
In the morning joy You bring

When it gets down to it
You're all I have and all I need
All in my soul there's a praise for You

There's a praise for You
When it gets down to it
When it gets down to it
