Ba-de-da

Fred Neil

```
I get so tired
Hangin' around this town
All this old city life
Should bring us fellow down

Badada dada
Dadada dada
Dadada dada
Ba-de-da

I get so tired
Trying to sleep at night
All this old city life
They keep on burning bright

Badada dada...

I get so tired
Hangin' around this town
All this old city life
Should bring us fellow down

Badada dada...
```
