

# Doves Fly

Fred The Godson

Free Mo, feds had to free Jason  
Early 90's uncle free basin'  
Mid 90's Pippin had to beat Mason  
The bricks were fire, colors annihilating  
And now applied the supply feeds tide wavin'  
Anything aching up, had a lot of waking  
Think to take the cut wonder what's the buyer making  
Tank top, one bedroom, the pie is bakin'  
Sitting here waiting, soda wet, cocaine cowboy, Aikman, Novacek  
I'm on a strip while he cook a key  
I load up half of clips, what up pusha T (warrup pusha)  
Tell Malice I got that Khaled: the best  
Send the fiend to the moon, alice  
I'm moving that Ralph Cramden  
Raise the price of the grams then

Shit, maybe I'm just like my pops  
Maybe them birds will make it off the block  
But, this is what it sounds when doves fly  
This is what it sounds when doves fly  
Maybe I'm just like my mother  
Maybe I'm making whip and butter, I'm from the gutter  
This is what it sounds when doves fly  
This is what it sounds when doves fly

Tell them rock-a-bye baby like a lullaby  
Watching prince turn to king like when doves cry  
Purple rain almost had me in the mug shot  
Purple top I was selling out my drug spot  
One stop shop had a special knock knock  
We stepped on every square shit was hop scotch  
We was young, we ain't care we make the block hot  
The first Benz I ever bought was from a chop shop  
Had a different V.I.N. shit was different then  
BBS is on a bitch gave her a different spin  
Turn 2 in a 5 with a different blend  
My Panamanian connect had a different skin  
Fast forward to the present day  
Money tie ho down like the Chevrolet  
Every block another notch upon my resume  
Now I'm getting rap money with the better Ye

Maybe I'm just like my pops  
Maybe them birds will make it off the block  
But, this is what it sounds when doves fly  
This is what it sounds when doves fly  
Maybe I'm just like my mother  
Maybe I'm making whip and butter, I'm from the gutter  
This is what it sounds when doves fly  
This is what it sounds when doves fly

They came for the candy  
That's why I got work in the telly Like Jamie and Fancy  
Beretta in the leather from the Manci  
Connect the city crab fish she put together with some scampi  
Some niggers selling halfs for ten, it can't be  
Been on the block way too long, I'm Marcus Camby

Tints on the Camery, hand to the boondocks  
Came a long way from 12-12's in the tubes socks  
Heard a story about someone starting with 2 rocks  
2 years later, he carrying 22 blocks  
I had to stash near the boiler, night time playing the moon, a Houston Oiler  
Or the? to ya, had this diesel fiend, tying up both of his arms, ultimate wa  
rrior  
My connect's friend get it from the border  
They reservoir dogs, I just get end up with the water

Maybe I'm just like my pops  
Maybe them birds will make it off the block  
But, this is what it sounds when doves fly  
This is what it sounds when doves fly  
Maybe I'm just like my mother  
Maybe I'm making whip and butter, I'm from the gutter  
This is what it sounds when doves fly
