

# The Road We Didn't Take

Freda Payne

I've gone through life pretending  
That time will change the ending  
And find the road we didn't take,  
The life we didn't make  
But those mistakes behind me  
Cast shadows to remind me  
Of the road we didn't take,  
The years we threw away

Nameless faces come like haunting dreams  
Words we spoke but didn't mean  
I watch my life as it unwinds  
I see the years I left behind  
Tears go rushing down my face  
For the years I threw away  
Far away

CHORUS

In my hands, I hold the burnt-out ends  
Pages of the past where we began  
The love I thought would always stand  
I found was built on shifting sand  
The road to life went a different way  
The road we should've took yesterday  
So far away

(I've gone through life pretending  
That time will change the ending  
But those mistakes behind me  
Cast shadows to remind me  
Ooooooooooooooooooh, ooooooooooh  
Ooh-ooh-ooh-ooh)

CHORUS
