

Feeling

Freddie Gibbs

Jam
Jam
You feel me, baby?
Yeah, yeah
Drinkin' out the bottle now
Put the head in
So I can feel it
Fuck with me, I can build a bitch
Fuck with me, I can build a bitch

You know, a nigga keep a court-side view with a ho like you
Ho like you, yes
I need a ho like you
You know, a nigga keep a court-side view with a ho like you
With a ho like you, bitch
I need a hoe like you, uh
Yeah

You know, a nigga keep a court-side view with a ho like you
Ho like you
I keep it trill, I don't never kiss and tell 'bout the hoes I do
Hoes I do
You know, a nigga keep a court-side view with a ho like you
With a ho like you
A nigga married to the game, I could never tell a ho "I do"

Kane is poppin' off
Skybox full of hoes, we dropped them off
And I ain't hit it in a minute
And I know she wanna feel it
So, she told a nigga, "Take the condom off"
And she gon' give her nigga face inside the loft
BK to the city she came across
Mighta been the baddest bitch, I came across
Told her hurry up and take this dick or take a loss
Bitch, I'm takin' off
Yeah

You know, a nigga keep a court-side view with a ho like you
I don't need no dough to fuck a ho like you
I be standin' on this pimpin' like I always do
Slammin' on these bitches like I always do
Block a bitch, I never see a call come through
Twenty-thousand in ones, let it fall on you
I can't wait to put this motherfuckin' dog on you like

You know, a nigga keep a court-side view with a ho like you
Ho like you
I keep it trill, I don't never kiss and tell 'bout the hoes I do
Hoes I do
You know, a nigga keep a court-side view with a ho like you
With a ho like you
A nigga married to the game, I could never tell a ho "I do"

I played the cliff in the city
DC, Philly
Shop and takin' pictures

Left with a fifty
Scannin' every call, every trap was a five-star
Order room service, check trap, I'll be back tomorrow
Switchin' up the pictures on the app, we doin' out calls
Green dot only, we ain't fuckin' with them credit cards
At all
Knock some fresh game, added that to my catalogue
Choose up, baby girl, me and you can go far, what's happenin'?

You know, a nigga keep a court-side view with a ho like you
With a ho like you
I keep it trill, I don't never kiss and tell 'bout the hoes I do
Straight up
You know, a nigga keep a court-side view with a ho like you
With a ho like you
A nigga married to the game I could never tell a ho "I do"

I know you feelin' it
It's the motherfuckin' king, bitch
I'm back, jam
Feel it
Damn
Build a bitch
Fuck with me, I can build a bitch, yeah
Feel it
I know you feel it, bitch
We can share
Said, I know you feel it, bitch
Fuck with me, I can build a bitch
There's enough to go around, bitch
Feel it
You feel what I'm sayin'?
Said, I know you feel it, bitch
I know you feel it, bitch
It's about cooperation
Fuck with me, I can build a bitch

Keisha, let a nigga feel it
