

# In My Hood

Freddie Gibbs

Woke up this morning in a bed that didn't belong to me  
Gotta get on my feet and hit the streets the hood callin me  
The time I waste is costin me, so I hop off in that bucket  
Balling on a budget peel the top off my cutlas  
Lemmie get up in the whip, turn up my shit cruise  
And I'm not gonna stop till I'm one of those dudes makin major moves  
Until that day I gets my pay anyway necessary  
All I got is my dreams, ain't no other options up in Gary  
I still love it, ain't no other place like it until I'm finished I'mma represent it  
Much love to the niggas in the G that get that paper keep it pinpin  
Independent women thots holdin down their household  
My ghetto soldiers that struggle to bear their heavy load  
I do this shit for yall, all my people dead and gone  
And my dogs doin sentences behind the wall  
I'm just a rebel with a cause livin' up to no good  
Often misunderstood another day in my hood

Some things'll never change, but it's okay cause I'm good I'm tipping grippin wood  
Another day in my hood, I'm from the ghetto mane  
Wouldn't change it if I could, often misunderstood, just another day in my hood

We flip our doors up the whole hood stop and stare  
Ghetto superstars with their cars ridin in the L  
Roll the window down you see I got the screens flippin too  
We don't deck and I got my crew, gotta make it to the neighbor hood barbecue  
And, flirt with some bitches and I burn up a swisher  
When the ghettos out to get ya we kick it while sippin liquor  
The violence and the stress it get to work in your nerves'  
I flip that bottle pop the top and pour some yac on the curb  
Yeah, some things'll never change just charge us to the game  
Niggas in the hood don't hear the same, they straight blow out ya brain  
I grew up on Virginia street, 1631 right up off of 17th  
If you see me I'm with my heat, yall better recognize and respect that  
Go into the park, I'mma rep that  
West side to east side if its G.I then that's where I rest at  
So you might catch the kid puffin that goods  
Spendin cheddar on leather grippin' woods  
Another day in my hood
