Motherfucker Goddam  
I'm blowed off in this motherfucker  
Puffin chad back in the zone off in this motherfucker  
Chopper go off and reload off in this motherfucker  
Nigga might see something explode off in this motherfucker  
Snapped up strapped to the teeth  
Motherfuckers in A they dropped the yak in my Caprice  
Let the moonlight hit the sky then I went yakkin up the street  
Did an 85 and left them niggas wrapped up in a sheet  
Motherfuckers know it's:  
FG, I keep my money on my mind  
Gorilla on the track and keep a swisha full of pine  
A pack out on the strip and a bitch or two on the grind  
Got niggas in my clique that'll kill you and do the time  
So violate me baby and I bet you make the front page  
Fuck my PO, I'm stayin blazed till the last age

Give me some kushy and some purple to sip  
And let me check out on the sunset strip  
Like a motherfucking pimp  
Pimp C I keep my money on my mind

Bitch I'm too hard to swallow the son is super tight  
Was raised on riding dirty, dirty money off the white  
Kept a couple side hustles, thought rapping was just a dream  
Later snapped on the track like I was an UnderGround King  
Whatchu mean?  
You bitches act like I'm fresh on the scene  
Brought Canadian bud across the border at 17  
Wholly moley dotey and that proper drug methazine  
Come down to my basement and all you see is a sea of green  
Bitch I'm on that grown shit  
Had to grow my own shit  
Got those P-zo's and those zippers hit me on the phone bitch  
If you need it then I got it just don't say the wrong shit  
Too much yappin at the trap'll send us on a long trip  
Fuck polices and politicians perpetrating that punk shit  
I'm coming down on candy paint like "smoke some bitch"

Give me some kushy and some purple to sip  
And let me check out on the sunset strip  
Like a motherfucking pimp  
Pimp C I keep my money on my mind
