

# I Do

Freddie Jackson

Today is the day I always longed for  
Out of all the wishes prayed for  
This one's coming true  
My dream has now become reality  
Somebody completes how I feel  
Can't compare it to anything

I've waited so long to find someone special  
Now that special someone is you  
With all my heart and devotion  
I pledge faithfulness until time is through

I do, I do take you  
To be mine forever  
Cherish and protect you  
Through whatever  
No matter what we do  
We'll do it together  
On this day  
I do take you  
I do take you  
I do take you  
I do take you

My hand from this moment rest in  
Your hand wrapped in strength this bond  
We'll both share  
No one ever will break through  
In you I will always place all my trust  
A commitment just between us  
What was once one now is two

I've waited so long to find someone special  
Now that special someone is you  
With all my heart and devotion  
I pledge faithfulness until time is through, oh

I do, I do take you  
To be mine forever  
Cherish and protect you  
Through whatever  
No matter what we do  
We'll do it together  
On this day  
I do take you  
I do take you  
I do take you  
I do take you

In the next second of this day  
We'll both vow to stay  
Forever faithful  
I'll be the one to bring you light  
Into the dark nights  
Forever we'll pull through

I do take you

To be mine forever  
Cherish and protect you  
Through whatever  
No matter what we do  
We'll do it together  
On this day  
I do take you

I do, I do, I do, I do take you  
I do
