

# Live My Life Without You

Freddie Jackson

I was good out on my own  
Learning to stand at last on my two feet alone  
To know for sure just once that I  
Was not like a candle in the wind that can't survive

But proving this I turned and found  
That it's only love that makes the world go 'round

And I don't want to live my life without you  
Not for the cause of wrong or right  
Not another lonely night  
No, I don't want to live my life without you  
Living without your love is like no life at all

Ooh-ooh-ooh...

Sometimes the truth is hard to see  
So many fools in love are blind to destiny, oh, tell me  
I tried in every way I knew  
To hide away from all the things I felt for you

But heaven help the heart in flight, now  
There's no place on earth to run once love decides

And I don't want to live my life without you  
Though I could make it through somehow  
I want you here, I want you now  
No, I don't want to live my life without you  
Living without your love is like no life at all

How do we know when feelings come from the heart  
And can we really take the chance to trust them  
Still while we wait, those moments spin on the clock  
The moments that we'll never find again

No, I don't want to live my life without you  
Not for the cause of wrong or right  
Not another lonely night  
No, I don't want to live my life without you  
Living without your love is like no life at all

And I don't want to live my life without you  
Though I could make it through somehow  
I want you here, I want you now  
No, I don't want to live my life without you  
Living without your love is like no life at all  
Ooh-ooh-ooh-ooh-ooh...

It doesn't matter who's wrong or right  
Not another lonely night  
Don't want to live my life without you
