

Negative

Freddie Jackson

(You got to think positive)

Ah yea

I know you've got good intentions
But I guess I failed, failed to mention
I've finally found what I've been looking for
It's been a while but now I'm doing fine
All of your faults, allegations
Are starting to cause aggravation
Be careful of things I'm talking about
Starting to hurt so be straight with me now
'Cause

I won't let you try to change my mind
See you do it every single time but
This time I've got love on my side
So stop whispering rumors and lies

Leave the negative alone
In that place where it belongs
Because it only will destroy
The positive that's in you
Leave the negative alone
Jealous feelings can be wrong
You'll look back and I'll be gone
And what we shared will be through

Leave the negative alone
Now ya gotta think positive, positive yea
Leave the negative alone yea
You gotta think positive
Yea yea yea, yea yea yea

If you can't stop to wish me well
Then it won't break up my love affair
See we've been friends through the test of time
When nobody else cared we were on each other's side
Take the wrongs and made them right
Never stood alone, together we would fight
We go through some storms in our lives
But weather them all, ain't that right
Hold on

I won't let you try to change my mind
See you do it, you do it every single time but
This time I've got love on my side
So stop whispering rumors and lies

Leave the negative alone
In that place where it belongs
Because it only will destroy
The positive that's in you
Leave the negative alone
Jealous feelings can be wrong
You'll look back and I'll be gone
And what we shared will be through

Leave the negative alone
Now ya gotta think positive, positive yea
Leave the negative alone
You gotta think positive
Yes you do ah huh

All I want from you is just a little respect
Is some R-E-S-P-E-C-T now
Don't need more than that
Is that too much to ask
Tell me now
Take
You may see
If you take a good look
You just might see
That love can set you free
With an open mind
You may see
That somebody out there for you

Leave the negative alone
In that place where it belongs
Because it only will destroy
The positive that's in you
Leave the negative alone
Jealous feelings can be wrong
You'll look back and I'll be gone
And what we shared will be through

Leave the negative alone
You gotta think positive, positive yes you do
Leave the negative alone
You gotta think positive
Yea yea yea, yea yea yes you do ahh

Positive is greater
Negative is for haters
Don't let it destroy (Don't destroy you)
Hey now
Positive is greater
Negative is for haters
Don't let it destroy (Don't destroy you)
Ah
Positive is greater
Negative is for haters
Don't let it destroy (Don't destroy you)
The best of you
Positive is greater
Negative is for haters
Don't let it destroy (Don't destroy you)
Oh yea

I got a bad
Real bad feeling
I got a bad
A feeling a feeling about this
A bad feeling
A bad bad feeling
A bad feeling bout this
Leave it, leave it, leave it alone
Yea
Oh

You gotta think positive
Leave it alone
Oh
Oh leave it alone
Leave it alone
Do you hear me
Leave it alone
You better leave it alone
Oh
Positive's greater
Negative is for haters
